TKM Institute of Technology has a Grievance Cell to redress the grievance of its stakeholders. This grievance redressal cell attempts to address genuine problems and complaints of students regardless of the nature of the problem. Students are also encouraged to express constructive suggestions and grievances by approaching any member of the cell as is comfortable to them. Students are requested to note that making a complaint is serious and therefore they are to use this facility in a responsible manner. At the same time the college assures students that once a complaint is made, it will be treated promptly and judiciously with sensitivity and confidentiality.
