BLOOD DONATION CAMP

17 FEB 2023
College Auditorium
9:30 am to 12:30 pm

Though our donations are made to please ourselves,
we insist upon those who receive our alms being pleased with them.

Blood Donation Camp

DEPARTMENT OF BIOMEDICAL ENGINEERING, TKMIT

On Friday 17th February, a blood donation camp was organized in our college by Red Wings a unit of BLAZE, Department of Biomedical engineering *aima'23*. In association with IMA Kollam.

Under the guidance of **the Principal, HOD, Mrs. Neethu Sathyan** and coordinated by **Sijin S Daniel** (Vice President, BLAZE) **Adith S Kumar** (Secretary, BLAZE), coordinators of REDWINGS **Rahma R and Bobin Mathew** and volunteered by the volunteers of REDWINGS.

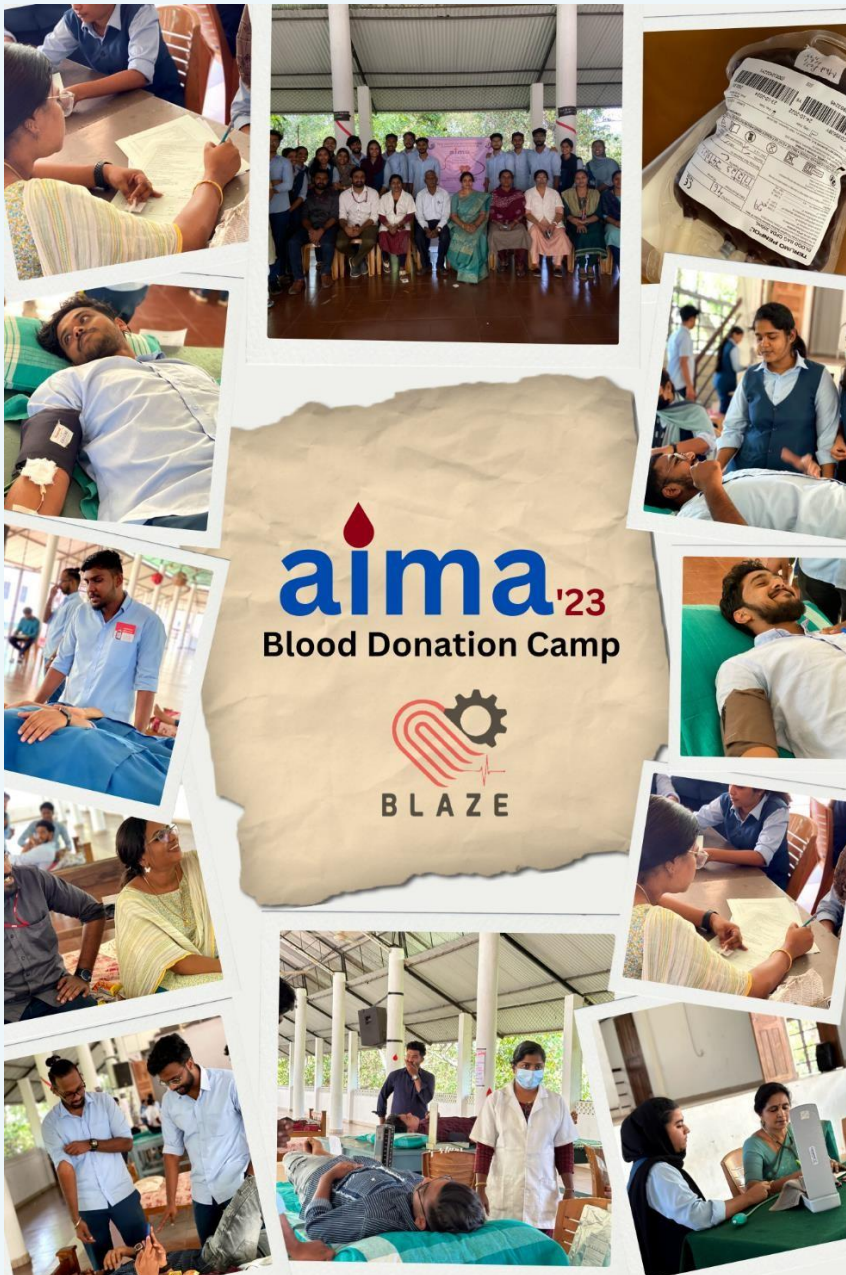

The program started at 10 am in the morning. All the students were asked to donate blood. 3 nurses and 2 doctors came to provide their valuable service for the mission. The core goal of the program was to collect blood and donate it to people in urgent need.

The faculty members and students donated their blood happily and we appreciate such kind of act by people. Furthermore, outsiders were also invited for the program. A number of students from TIM & TKMSA gave blood willingly. All were happy that they got opportunity to participate in this program.

Almost 50 people donated their blood. The collected blood will be donated for hospital cases by IMA Blood Centre. Refreshment was also provided by the volunteers for the donors so that they don't feel

fatigued after donating blood. The program ended at 1 O'clock in the afternoon.

After the camp we felt heartily happiness and contentment after giving a great service to humanity and we hope to being part of

such programs frequently.
