

REPORT ON THE VISIT TO VIKRAM SARABHAI SPACE CENTER (VSSC), TRIVANDRUM

Date: September 25, 2024 (Wednesday)

Venue: Vikram Sarabhai Space Center (VSSC), Trivandrum

Participants: 80

Arrival Time at VSSC: 10:00 AM

Purpose: Witnessing a live rocket launch

1. Objective of the Visit

The primary purpose of the visit was to provide students with an opportunity to observe a live rocket launch and gain practical exposure to the advanced space research activities undertaken at the Vikram Sarabhai Space Center (VSSC). The visit aimed to complement their theoretical learning with real-world applications in space technology.

2. Departure and Arrival

The group consisting of 78 students and 2 faculties departed early morning on September 25, 2024. After traveling to Trivandrum, the group arrived at VSSC by 10:00 AM.

The visit to VSSC offered a remarkable educational experience for all participants. It allowed students to connect classroom knowledge with practical, real-life applications in the field of space exploration. The event reinforced the importance of space research and inspired several students to explore careers in space science and technology.

The rocket launch concluded by the afternoon, and the group departed from VSSC with enriched knowledge and renewed enthusiasm for the field of space science.
