15 DAYS INTERSHIP AND PACEMENT TRAINING

TKM INSTITUTE OF TECHNOLOGY
DEPARTMENT OF BIOMEDICAL ENGINEERING

in collaboration with

CYRIX[®]
HEALTH CARE PVT LTD

**15 Days Internship
and
Placement Training**

Venue: Biomedical Project Laboratory
Date : Starting from February 12th
Time : 9:00am-4:00pm

The department of Biomedical Engineering at T.K.M Institute of Technology recently hosted a week-long training and placement drive for students in collaboration with Cyrix Healthcare Private Limited. This program provided intensive hands-on training on various medical equipment, including oxidant concentrators, ultrasound machines, and phototherapy unit and more. Students participated in both theoretical sessions and practical calibration exercises, gaining essential skills in medical device operation and basic electronics. This initiative aims to enhance students' technical expertise and prepare them for future placement opportunities in the biomedical engineering field.
